GIVE A HELPING HAND

Volunteer experiences and community involvement can be highly rewarding. It gives one a sense of belonging and can help build strong relationships with people around you. Whether you are joining a volunteer group, attending an event, or simply doing something to help someone out, you will gain valuable life skills; this could include leadership, teamwork and communication skills. As a bonus, becoming involved in your community is great for networking and is an asset when interviewing for jobs.

How to get involved:

For opportunities and ideas on how you can get involved go to our "Getting Involved" tab on our website www.rrusa.ca

IN OTHER NEWS

RRUSA's Foliage Festival event was a total success last month! We held our large festival on Sept. 29 for all Royal Roads students, which ended up being a fun day despite the rainfall we experienced. The turn out was wonderful! We would also like to thank everyone who volunteered and was a part of making this event special. To reminisce, here are some photos of Foliage Festival. Enjoy!

"Royal Roads University acknowledges that the campus is located on the traditional lands of the Xwsepsum (Esquimalt) and Lkwungen (Songhees) ancestors and families who have lived here since time immemorial.

This land has been part of the fabric of the life of Indigenous communities long before Hatley Castle was built, and it will be long into the future. It is with gratitude that we now learn and work here, where the past, present and future of Indigenous and non-Indigenous students, faculty and staff come together."
